THE FRIENDS...

The Friends of Hurst Public Library is a voluntary non-profit organization of those interested in helping to build and maintain public support for the Library. The group organized in the mid-1960's and has played a vital role in the development and growth of the Library and its services over the years.

The Library's move from its site on Mary Drive in 1980 to its present building of approximately 40,000 square feet was the result of the Friends active campaigning for the success of the bond referendum in 1977. The organization has contributed to the enhancement of services offered by the Library, as well. A special collection of career and education books, copy machines, printers and a computer projector, recorded books, sponsorship of Reading Clubs, and other programs are among the services provided by funds from the Friends.

Membership is open to anyone who supports the goals of this organization. The membership structure is provided on the attached blank. Join today and share the future!
